

## **DR. JESSICA M. FINLAY**

Institute for Social Research, University of Michigan  
Office 3338, 426 Thompson Street, Ann Arbor, MI, 48104  
Email: [jmfinlay@umich.edu](mailto:jmfinlay@umich.edu), Phone: 1-612-803-7087, Web: [www.jessicafinlay.com](http://www.jessicafinlay.com)  
Citizenship: US and Canada

### **EDUCATION AND EXPERIENCE**

---

- 2018-Present **Postdoctoral Research Fellow**  
University of Michigan, Ann Arbor, MI, USA  
Social Environment and Health Program  
Survey Research Center, Institute for Social Research
- 2014-2018 **Doctor of Philosophy (Awarded June 29, 2018)**  
University of Minnesota. Minneapolis, MN, USA  
Geography Major: Department of Geography, Environment, and Society  
Gerontology Minor: Center on Aging, School of Public Health  
NSF-Funded Dissertation: "Cities of (In)Difference: A Mixed-Methods Analysis of Place and Wellbeing in Later Life."  
*Interdisciplinary Doctoral Fellow; Alfred Bader Fellow; PEO Scholar; TA of the Year*
- 2016 **Visiting Research Scholar**  
Dartmouth College. Hanover, NH, USA  
Department of Geography
- 2011-2013 **Master of Arts**  
University of Minnesota. Minneapolis, MN, USA  
Department of Geography, Environment, and Society  
*Graduate Fellow; Kordell Scholar; Peter Gould Master's Paper Award Winner*
- 2006-2011 **Bachelor of Arts Honors (2010) and Bachelor of Education (2011)**  
Queen's University. Kingston, ON, Canada  
Department of Geography and Faculty of Education (Concurrent Program)  
*Medalist in Geography; Canadian Association of Geographers Prize Winner*

### **RESEARCH AND TEACHING AREAS**

---

Geographies of Aging	Health and Medical Geography
Vulnerability and Resilience	Environmental Gerontology
Geographic and Social Determinants of Health	Social Epidemiology
Space and Place	Urban Geography and Planning
Therapeutic Landscapes	Qualitative, Geospatial, and Mixed Methods

## RESEARCH EXPERIENCE

---

- 2018-Present **REGARDS Neighborhood Cognition Research Team:** This R01-funded interdisciplinary team examines the moderating role of neighborhood built and social environments on trajectories of cognitive function among participants in the Reasons for Geographic and Racial Differences in Stroke (REGARDS) study, a national longitudinal cohort study of over 30,000 black and white individuals age 45+ ongoing since 2003. Role as a postdoctoral research fellow includes geospatial and secondary analysis, manuscript development, and leading a mixed-methods project extension.
- 2017-Present **Families and LTC Projects Team Member:** Collaborate with faculty and graduate students in Nursing, Gerontology, Epidemiology, Public Health, Psychology, and Medicine. Involved with NIH-funded mixed-methods research to investigate experiences of older adults and caregivers on topics such as remote activity monitoring, support for people with Alzheimer's disease and Related Dementias, and adult day service programs. Activities include qualitative and quantitative data analysis, manuscript development, knowledge dissemination, and professional development.
- 2015-Present **“Aging in the Right Place” Research Study Primary Investigator:** Conduct mixed-methods dissertation research on aging in the Minneapolis metropolitan area. Tasks include supervision and mentorship of research assistants, grant writing, budget management, quantitative and qualitative analysis, manuscript development, media contact, knowledge dissemination, and public communication.
- 2015-2017 **“Evidence in Aging” Research Project Co-Investigator:** Collaborated with faculty and graduate student members of the Aging Studies Interdisciplinary Graduate Group to investigate diverse professional perspectives on evidence in aging. Involved in research design, structured interviews, statistical and qualitative interview data analysis, manuscript development, and conference presentations.
- 2013-2014 **Centre for Hip Health and Mobility “Walk the Talk” Research Team Member:** Collaborated with an interdisciplinary team to investigate links between the built environment, mobility, and wellbeing in low-income dwellings for older adults.

- Conducted and analyzed physical/cognitive tests and qualitative interviews with study participants, developed thematic frameworks and prepared manuscripts.
- 2012-2013 **City of Minneapolis Department of Health and Family Support, Upper Mississippi Riverfront Development Health Impact Assessment [HIA] Research Intern:** Assisted in the design and implementation of the HIA to profile existing conditions of the study region and evaluate potential health effects of proposed development. Contributed to written reports and stakeholder meetings.
- 2011-2015 **Neighborhood Health Source Community Volunteer:** Assisted in the planning and implementation of public health outreach and engagement programs for older adults. Recorded blood pressure, discussed health and nutrition, and assisted with low-impact fitness and fall prevention classes.
- 2010-2011 **Queen's University Department of Geography Research Assistant:** Assisted in the design, administration and analysis of surveys and focus groups.
- 2009-2010 **Queen's University Department of Student Affairs, Research, and Assessment Student Researcher:** Conducted a study in coordination with undergraduate thesis examining sustainability programs within university residences and campus initiatives.

## **GRANTS, FELLOWSHIPS, HONORS AND AWARDS**

### *Grants and Fellowships:*

- 2018-2020 University of Michigan Institute for Social Research Social Environment and Health Program Postdoctoral Research Fellowship (\$115,000).
- 2018-2020 University of Wisconsin-Madison Center for Demography of Health and Aging National Research Service Award (funded by the National Institute on Aging) Postdoctoral Research Fellowship (\$100,000). Declined.
- 2017-2018 University of Minnesota [UMN] Doctoral Dissertation Fellowship (\$25,000).
- 2016-2017 National Science Foundation Geography and Spatial Sciences Doctoral Dissertation Research Improvement Grant (No. 1558577): Awarded to PI Susan Craddock and Co-PI Jessica Finlay (\$15,990).
- 2015-2016 Alfred Bader Fellowship: Awarded for one year of study and research which contributes to the advancement of knowledge and to society (\$13,000).
- 2015-2016 Department of Geography, Environment & Society Alumni, Faculty and Friends Graduate Fellowship (\$3,000).
- 2015-2016 UMN Interdisciplinary Doctoral Fellowship (\$22,500).
- 2011 UMN Department of Geography Summer Research Grant (\$4,000).
- 2011-2012 UMN Graduate School Fellowship (\$22,500).

### *External Honors and Awards:*

- 2016 Minnesota Gerontological Society Gerald Bloedow Scholarship (\$1,000): Awarded to outstanding students bridging academics, research, and practice in the field of aging.

- 2016 Philanthropic Educational Organization Scholar Award (\$15,000): Awarded to female doctoral students to recognize and encourage excellence in higher education.
- 2014 American Association of Geographers [AAG] Health & Medical Geography Specialty Group Peter Gould Master's Paper Award (\$100).
- 2014 AAG Health & Medical Geography Specialty Group Student Travel Award (\$200).
- 2010 Rhodes Scholarship alternate.
- 2006 Canadian National Millennium Excellence Award: Awarded for significant community involvement, leadership, innovation, and outstanding academic achievement (\$4,000).
- 2006 Miller Thomson Foundation Scholarship: Awarded for academic achievement and significant contributions to community service programs (\$1,000).

*Internal Honors and Awards:*

- 2012-2016 UMN College of Liberal Arts Research/Travel Award: 2016, 2015, 2014, 2013, 2012 (\$3,000).
- 2016 Department of Geography, Environment, & Society Graduate Student Publication of the Year, "Therapeutic landscapes and wellbeing in later life" (\$500).
- 2015 UMN Council of Graduate Students Travel Award (\$1,200).
- 2014 UMN Department of Geography TA of the Year Award (\$250).
- 2014 UMN President's Student Leadership and Service Award.
- 2013 UMN Joseph-Kordell Scholarship: Awarded for demonstrating a commitment to working in the field of aging and bettering the lives of seniors (\$4,000).
- 2010 Canadian Association of Geographers Prize: Awarded to a graduating student who has the most outstanding record and achievements in geography (\$500).
- 2010 Queen's University Medal in Geography: Awarded to the student who attains the highest academic average of all graduating geography students.
- 2010 Queen's University Graduating Athlete Award and Academic All-Canadian.
- 2006-2010 Dean's Honour List 2007-2010 (with Distinction 2008 & 2009).
- 2009 Queen's Appeal Undergraduate Scholarship: Awarded in recognition of outstanding academic standing (\$2,500).
- 2009 The F.W. Minkler Award: Awarded to an individual whose integrity, scholarship and contribution to Queen's University is outstanding (\$2,500).
- 2008 Dean's Special Award: Awarded for outstanding academic achievement (\$1,000).
- 2008 James and Mary Young Allardyce Brough Prize: Awarded to the second-year student in a BA program who achieves the highest average in Geography (\$1,200).
- 2006 & 2007 Queen's University Principal's Scholarship: Awarded in recognition of achieving an outstanding academic average (\$10,000).

## **TEACHING AND MENTORSHIP EXPERIENCE**

---

- 2015-2017 **University of Minnesota Project Supervisor:** Promoted junior scholar mentorship, training, and development to engage in fieldwork, analysis and dissemination. Developed specific research assistant training plans; scheduled regular collaborative meetings; and supervised data collection, analysis and manuscript development.
- 2017 Project Assistant: Wendy Chao (BS, St. Catherine)
- 2016 Research Assistants: Joann Khong (BA, University of Minnesota), Alec Trendera (BSc, University of Minnesota) and Jessa Hohnstein (BSc, University of Minnesota)
- 2015 Research Assistants: John Bowman (MA, University of Minnesota), Naomi Klionsky (BA, Macalester College)
- 2012-2015 **University of Minnesota Lecturer and Teaching Assistant:** Facilitated and participated in course teaching activities, presented lectures. Developed marking schemes and graded a variety of assignments, research paper components and exams.
- GEOG 3401 Geography of Environmental Systems and Global Change  
GEOG 3381 Population in an Interacting World  
GEOG 3371 Cities, Citizens, and Communities\*  
GEOG 1403 Biogeography of the Global Garden\*\*
- \* Co-taught: Responsible for primary course instruction and evaluation  
\*\*Served as 2013-2014 Head TA supervising 11 TA's and 525 students
- 2012 **The Midwest Center for Life Long Learning in Public Health, Concepts in Community Engagement Course Instructor:** Consulted regularly with students to develop goals and action plans to train others in public health community engagement.
- 2010-2011 **Queen's University Department of Geography Teaching Assistant:** Developed innovative small-group activities to coordinate with course lecture material. Assisted in the design of evaluation and course instruction.
- 2006-2011 **Queen's University Elementary Educator:** Taught primary-junior education (Grades 1-8) in conjunction with Concurrent Bachelor of Education degree. Completed teaching practicums in Ontario schools (Limestone School District) and internationally in El Salvador (international practicum).
